majetisuhass2021@gmail.com — +91-8919490692 — LinkedIn — GitHub

## Professional Summary

---

AI & Machine Learning undergraduate with hands-on experience in Python, Machine Learning, Deep Learning, Full Stack Development, and AI-powered applications. Passionate about leveraging AI and automation to solve real-world business problems through intelligent software solutions. Strong foundation in software engineering, data analysis, database management, and collaborative project development.

## Education

---

**SRM Institute of Science and Technology, Chennai** 2023 – 2027

B.Tech in Computer Science and Engineering (AI & ML)

CGPA: 7.97

**Intermediate (12th Grade)** Mar 2023

Percentage: 78%

**SSC (10th Grade)** Aug 2021

Percentage: 90%

## Skills

---

**Programming Languages:** Python, Java, C++

**AI & Machine Learning:** TensorFlow, Keras, OpenCV, NumPy, CNN, Machine Learning

**Web Technologies:** HTML, CSS, JavaScript, React, Tailwind CSS

**Database:** MySQL

**Tools:** Git, GitHub, VS Code

**Core Skills:** Problem Solving, Data Analysis, Process Optimization, Software Development, Team Collaboration

## Projects

---

**Automobile Spare Parts Management System** — GitHub Mar 2025

- Designed and developed a full-stack automobile spare parts management application using React, HTML, CSS, JavaScript, Tailwind CSS, and MySQL.
- Implemented shopping cart, checkout, authentication, and inventory management with database integration.
- Used Git for version control and followed modular software development practices.

**Pneumonia Detection Using CNN** Feb 2026 – Present

- Developing a CNN-based pneumonia detection system using TensorFlow, Keras, OpenCV, and NumPy.
- Applied image preprocessing, augmentation, and deep learning techniques to improve prediction accuracy.
- Evaluated model performance using standard machine learning metrics and optimized hyperparameters.

## Certifications

---

- NVIDIA LLM Evaluation and Customization
- Cisco Python Essentials 1
- Introduction to Machine Learning
- Crash Course on Python

## Achievements

---

- Completed multiple certifications in Artificial Intelligence, Machine Learning, and Python programming.
- Developed AI and Full Stack projects using Python, TensorFlow, React, and MySQL.
- Active GitHub contributor with projects in AI, Machine Learning, and Web Development.

## Languages

---

English (Fluent)

Telugu (Native)

Hindi (Intermediate)
